ACTION OF DISTRICT CONVENTIONS.

UNPLEDGED DELEGATES FROM THE XVITH. BAMILTON FISH, JR., AND B. PLATT CARPENTER

SELECTED—AN ANTI-PAYN CONVENTION.

[FROM A SPECIAL CORRESPONDENT OF THE TRIBUNE.] POUGHKEEPSIE, N. Y., April 10.-The Republicans of the XVIth Congressional District (Columbia, Dutchess and Putnam Counties) met here to-day to nominate delegates to the Republican National Convention. The Convention was called to order by Henry M. Swift, esq., of Union Vale, Chairman of the Congressional Committee, who said: "We are for the first time called together to choose delegates to a National Convention. According to the manner in which we perform the duty will the new system commend itself to the people and the party at large. For the first time you have a voice directly in shaping the deliberations of the party, and selecting its candidate for President. As Chairman of the District Committee I call this Convention to order, and nominate the Hon. John B. Dutcher as its President."

Mr. Dutcher's nomination was received with applause and it was unanimously agreed to.

FISH AND CARPENTER SELECTED. The nomination of delegates to Chicago being in order, M. A. Fowler, of this city, said: "I take pleasure in presenting the name of one who has often represented this county and this district, and one who I think will fairly represent the sentiment of the whole district. I nominate she Hon. B. Platt Carpenter." Applause followed Mr. Fowler's remarks, when Judge Wood, County Judge of Putnam, rose and said: "It may be considered pre sumptuous for little Putnam County to come to the front among the other giant counties, and offer a candidate for delegate, but it is not the number of votes which counts on election night. If one county casts a hundred thousand votes for one candidate, and a hundred and five thousand for another, the man who has the hundred thousand loses. Putnam is small in votes but large in majorities. This is the first time that Putnam County has asked anything of a district convention. I remember when Dutchess and Columbia nominated a Putnam man for office, but I regret to say he got left. But it was not the fault of Putnam County that he was left, she gave him a majority. I remember another occasion when a distinguished Dutchess County man was nominated and he got left, but Putnam gave him a majority. I remember how last fall we met here and with great apparent unanimity nominated a Columbia County man, but on election day Putnam County was the only one that gave him a majority. Please remember this to the credit of Putnam County." At this point Mr. Wood resumed his seat, when there were loud cries of "name, name!" Mr. Wood rose again amid much laughter and said, "I name Hamilton Fish, jr. That time I came very near being left." [Loud applause and much laughter.] J. Rider Cady, of Columbia County, seconded both nominations.

The Chair put the question and the convention elected B. Platt Carpenter and Hamilton Fish, jr., as delegates to the National Convention by acclam-

Isaac Sisson nominated Willard H. Mase as Mr. Carpenter's alternate, and William Wood nominated J. Wilton Brooks, of Putnam County, as Hamilton Fish's alternate, and both were elected.

Henry M. Swift offered his resignation as one of the Congressional Committee, but the convention would not accept it. Mr. Swift said he supposed he was bound to accept the decision, but up to this date he supposed he had been living in a free date he supposed he had been living in a free country. The Chair told Mr. Swift that some men seek honors and others have honors thrust upon them. George Esselstyn was elected one of the committee in place of John W. Hofman, deceased. A resolution expressing a decided preference for Mr. Blaine's nomination was laid on the table, on motion of W. H. Mase. David Robinson, of Putnam, said he thought it might be gratifying for the Republicans of this district to know the choice of the members of this convention for President. He moved that the roll be called, and the delegates to the various down. A committee of the ward and town delegations the Republicans of this district to know the choice of the members of this convention for President. He said: "We have shown that we are all harmonious, we know no factions, and have no divisions. When the roll is called after the Chicago Convention we will all be for the nominee. But before it is held we are entitled to our individual opinions. Let us make manifest our preferences as an expressional—A. D. TALKS WITH THE DELEGATES.

After the convention adjourned Hamilton Fish, fr., was asked whether he had any preference for President. He replied: "I am committed to no man, either directly or indirectly. I have made no promises whatever, nor will I make any. I shall go into the Chicago Convention untrammelled in any way, and shall cast my vote for the best interests of the Republican party."

B. Platt Carpenter said: "I am not committed to any men or any man. If I should favor any one man at this time, something might might happen six weeks from now that would change the whole

six weeks from now that would change the whole aspect of affairs. Therefore I deem it wise to go to the Chicago Convention and hold allegiance to the best interests of the Republican party only."

The Convention was in every respect thoroughly and overwhelmingly anti-Payn. It was stated by those who know that Mr. Payn's whole aim is for Logan for President and Alonzo B. Cornell for Vice President. It would have made no difference who he championed, he would have been beaten.

The Republican Assembly Convention of Dutchess County elected R. F. Wilkinson, John I. Platt, George Innis, Allen H. Hoffman, and Wim. H. Nopkins as delegates to the State Convention.

THE XXIXTH DISTRICT FOR BLAINE. THE DELEGATES TO CHICAGO FROM ONTARIO, STEU-

BEN AND YATES COUNTIES SELECTED-A BLAINE ELECTOR.

PENN YAN, April 10.-The Republican Congressional Convention for the XXIXth District (Outario Steuben and Yates Counties) convened here to-day, and was presided over by Stafford C. Cleveland. The basis of representation previously agreed upon by the committee, giving Steuben 16 votes. Ontario 10 and Yates 6, was adopted for the next convention. Stephen T. Hoyt, of Corning, and George R. Cornwell, of Penn Yan, were elected as delegates to the Republican National Convention, with Jonathan Robie, of Steuben, and Robert Moody, of Ontario, as alternates. All are for Blaine for President except Mr. Moody, who is for Edmunds. Nathan J. Miliken, Editor of The Ontario County Times, was nominated for Presidential elector. Mr. Miliken favors the nowination of Blaine. The convention boalloted for a Presidential candidate with the following result: Blaine, 25; Edmunds, 6; Lincoln, 1. The proceedings were harmonious throughout.

THE TROY DISTRICT FOR ARTHUR AN UNINSTRUCTED DELEGATION OF ARTHUR MEN ELECTED WITHOUT A PROTEST.

IBT TELEGRAPH TO THE TRIBUNE, TROY, April 10 .- The Republican Convention for the XVIIth Congressional District (Rensselear and Washington Counties) was held at the Troy House to-day. Judge A. Dallas Waite, of Fort Edward, was unanimously c losen chairman. Judge Waite made moderate speech. and, without referring to any candidate by name, expressed the conviction that the nomines at Chicago would be triumphantly elected by the party. Royal Abbott, of Pittstown, renominated United States District Attorney Martin L Toursend, of Troy, and Congressman Henry G. Burleigh, of White hall, as delegates to Chicago, and they were elected with-out a dissenting voice. William E. Kisselburgh, of The Troy Times, and County Judge Royal C. Betts, of Wash-ington County, were unanimously elected as alternates. All strongly favor the momination of President Arthur. The delegates were named long ago, and no other names were mentioned to-day. No instructions were given to the delegates, and any attempt to instruct would proba-bly have brought out a protest from three or four Wash-ington County delegates who were for Bilaine. The Rens-selaer County delegates was solid for Arthur. The busi-ness of the convention was transacted in twenty min-vices. hall, as dele gates to Chicago, and they were elected with

THE PRELIMINARY CONVENTIONS.

DIVISIONS IN THE OTSEGO DISTRICT. STORMY CONVENTION TO-DAY LOOKED FOR-EF-FORTS TO CAPTURE BLAINE DELEGATES.

[BY TELEGRAPH TO THE TRIBUNE.] ALBANY, April 10 .- There are indications that the Republican Convention of the Congressional District composed of the counties of Herkimer, Schoharie and Otsego, which will be held at Cooperstown to-morrow, will be a stormy one. For a fortnight past there ha been an earnest contest for the control of the convention between the supporters of President Arthur and of James G. Blaine. Ex-Congressman David Wilbur of Otsego County, has been the leader of the Arthur men, while the Blame men have been led by State Senator Davidson, of Otsego County, John W. Vrooman, of Herkmer County, the clerk of the Senate, and Andrew Ferguson, of Schoharie County, the State Committeeman of this District. It is said that the Blaine leaders have also been advised by United States Senator Miller, who resides in Herk mer County. Ex-Congressman Wilbur won the first heat of the struggle, defeating Senator Davidson in Otsego County and thereby gaining the control of the fourteen delegates to the Congressional Convention from that county In Herkimer and Schobaric Counties the Blaime men were successful. The two counties sent sixteen delegates to the Congressional Convention, or a majority of its members. Mr. Wilbur, seeing this position of aflairs, has been making desperate efforts to capture some of the Schobarie delegates. Fo-morrow's convention will reveal whether or not he has been successful in this effort. Speaker sheard, who lives in Herkimer County, is much interested in the result of the strugge, and to-night in company with Clerk Vrooman, he started for Cooperstown. It is stated here that the speaker desires to be sent as a delegate to the National Republican Convention. If the Schobarie and Herkimer combination successfully resists Mr. Wilbur's efforts to break it, Mr. Sheard, its likely, will be gratified in his wish. The convention it is thought will be a stormy one. The Schobarie County Republicans, although only entitled to elect six delegates, have elected twelve. There will be a contest over this matter before the convention can get to work. County and thereby gaining the control of the fourteen

JEFFERSON COUNTY FOR BLAINE. THE ADMINISTRATION MEN, HOWEVER, SECURE UNINSTRUCTED DELEGATIONS FROM THE 11D

[BY TELEGRAPH TO THE TRIBUNE.] WATERTOWN, N. Y., April 10-Long before he Republican Convention for the Hd Assembly District of Jefferson County met this morning the Administration; Republicans had opened their headquarters and were entertaining the country delegates. They opposed the sending of George A. Bagley as a delegate to Chicago, but when they found they could not secure a majority of the convention they endeavored to secure the selection of Henry E. Spicer, who is a Blaine man. Mr. Spicer's friends convention, however, were not strong enough to pass the resolution instructing the delegates to the Con-

gressional Convention to vote for him, but they voted with

the Administration men for uninstructed delegations. In the caucus the delegates were divided as follows Blaine, 34; Arthur, 3; Sherman, Logan, Grant and Lincoln, one cach. When the Convention met a motion was made declaring the sentiment of the Convention to be for Blaine. This led to a discussion which lasted for over an hour. Several amendments were offered, and when a vote was taken there was much confusion. The Blaine delegates were outgeneraled, and it would not be surprising if two of the delegates prove to be Arthur men. A delegate who are uninstructed, are as follows: State—John Allia, G. A. Poor, F. D. Pierce and V. S. Hubbard. Congressional—W. N. Johnson, W. W. Butterfield, Isaac Mitchell and Waitsell Crumb. On Wednesday the 1st District elected Blaine delegates. In the caucus the delegates were divided as follows

SENATOR DAGGETT'S DEFEAT. The Republicans of Brooklyn held Assembly District Conventions last evening to elect delegates to represent Kings County in the State Convention, which meets in Utica, on April 23, to elect four delegates-at-large to the National Convention. Delegates in all save two of the twelve Assembly Districts were elected. Among the more prominent ones are ex-District Attorney John Winslow, As-semblyman Henry Heath, Supervisor Willis, Louis E. Nicot, Robert Payne, Ethan Allen Doty, John A. Atwater, Supervisor Ditmas Jewell, and John Lefferts, jr. A majority of the delegates are believed to be in favor of the choice of delegates-at-large who will support the nomination of President Arthur. His adherents claimed last night that they controlled ten of the twelve districts, but not more than eight were conceded to them by those who favored choice of unpledged men to attend the National Convention. There is stil some talk of presenting the name of Mr. Beecher as one of the delegates-at-large, but it is feared that he might present free-trade views in the National Convention. Whether he would consen to serve will not be known until his return from the

Knots of politicians gathered everywhere in Brooklyn during the day in anxious converse in regard to the choice to night of the eight delegates by Congressional District Conventions to represent Kings County at Chicago. The result so far as indicated by the primaries was given in THE TRIBUNE yesterday. It was still conceded on both sides by all except the most extreme partisans that the delegation would stand four to four. The Administration mgn, headed by Daggett and Pady, however, were hard at work to alter this state of affairs.

The most desperate efforts are making to defeat E. H. Hobbs in the Hid District, and it was asserted by the Administration men that Senator Daggett would be sent from this district as the associate of Siias B. Dutcher. It was not believed, however, by his opponents that Mr. Daggett could accomplish this. In the IVth District the indications are that Martin N. Day will be associated with General B. F. Tracy as the delegates. Both support the Administration. There is a small chance that the Young Republicans can secure Edwin Packard as one of the delegates. In the HII District the Administration forces are completely routed, and the delegates will favor Blaine as first choice. If Senator Daggett fails in his attempt to capture the Hd District as he did in the HII District, he will fall back on the Vth District, which James L. Jenseu and another Administration supporter are sure to represent.

THE FIRST PRIMARIES IN THIS CITY. Republican primaries were held last night in Twenty-third and Twenty-fourth Wards, (comprising the XXIVth Assembly District) to elect delegates to the As-

sembly District Convention, which will meet to-night at Hohman's Hall, at Third-ave and Ore-hundred-and Forty-ninth-st. There was no contest in either of the wards, the regular association ticket being in both places unanimously elected. Twenty-one delegates were elected in the Twenty-third Ward and ten in the Twenty-fourth In the Twenty-third Ward and ten in the Twenty-fourth Ward, including three from the Kingsbridge district. The delegates are all favorable to the Administration and will vote to send Arthur men to the Congressional District Convention which needs at the Orawaupum Hotel, in White Plains, to-morrow. The XXIVIA Assembly District, which with Westchester County makes up the XIIth Congressional District, has five delegates out of the twenty. The Westchester County delegates are favorable to Collector Robertson for delegate to Chicago.

REPUBLICAN HARMONY IN MISSOURI.

THE DELEGATES TO CHICAGO UNINSTRUCTED. SEDALIA, Mo., April 10 .- At the session of the Republican State Convention last night the report of the Committee on Resc. utions was adopted. The resolu-tions declare that the Republicans of Missouri renew their allegiance and adherence to the principles of the Republican party as enunciated in the National platform of 1880, and carried out by President Arthur's Administration; that the Republican party of Missouri, having buried all past differences and being now united and harmonized, will discountenance any man or set of men who seek to create dissensions in their ranks. The resolutions pledge unfaltering support to the National nominees of the party. National questions are left to the wisdom of the delegates to the National Convention. After the

ption of the resolutions the convention adjourned. The following is a complete list of the district delegates to the Chicago Convention: Ist, J. T. Barber and R. D. Cramer; Hd, J. H. Turner and A. W. FRIENDS. INT TRLEGRAPH TO THE TRIBUNE.

Washington, April 10 .-- A fair example of the manner in which the friends of Mr. Arthur are endeavor-ing to secure the nomination of their candidate is to be seen in the Georgia delegation, a large majority of which is composed of Federal office-holders. collector.

It may be added that it is part of the political gossip here that Colonel Bryant has been promised the marshal-ship in case he succeeds in wheeling the delegation into line for Arthur. No one seems to doubt his ability to do so. Like all Southern politicians, however, who have a keen eye to their bread and butter, he is first for the ticket, and he will undoubtedly, it is thought, deliver the goods where they will do the most good, without commiting himself in advance floo much to anybody.

UNPLEDGED NEW-JERSEY DELEGATES. ENGLEWOOD, N. J., April 10 .- The following delegates to the Republican State Convention were elected to-day; General S. A. Dunean, Donald Mackay, J. H. Crane and C. H. Blake. They are unpledged.

"BOWKERS DRUG BILL" DEFEATED. A MASSACHUSETTS DEMOCRAT DISCIPLINED BY HIS ASSOCIATES.

IBY TELEGRAPH TO THE TRIBUNE.! Boston, April 10.-What was known as "Dr. Bowker's Drug Bill" was defeated in the House to-day, to the great surprise of those who judge from surface indications. It was not, nowever, The Journal says, defeated on its merits; indeed, as a matter of fact, its merits had nothing whatever to de with its fate. An hour before the vote was taken a prominent Democrat gave out in the lobby that "Bowker's bill was doomed, because the Democratio members had agreed almost solidly to vote against it." On being asked for the reason he said that the party proposed to punish him for the part be took in securing the passage of the "Aldermante District Bill." In other words, a measure in which the South Boston member was supposed to be directly in-

South Boston member was supposed to be directly interested was slaughtered by his party associates because, on a measure of public importance, he had voted against the party mandate.

The Democrats are much demoralized over the passage of the Aldermante District Bill and the few Democrats who voted for it will searcely be able to regain their old places in the party ranks during the present session. The alert Democratic leaders know that when this bill becomes a law, the Democratic Ward and City Committee will no longer be able to dietate the policy of city government. It practically destroys the machine. Even the solid Democratic Aldermanic Districts will be quite likely to return independents in the present democratized condition of the party.

AN EXPLANATION BY SIR H. LANGEVIN. OTTAWA, April 10.-In the House of Commons o-day, on motion to go into Committee of Supply, Sir Hector Langevin made a personal explanation. called attention to an attack upon himself in The Toronto Globe, in which he was accused of having given favorable consideration to Messrs, Goodwin, Dunsmuir, Charlebois and Davis, contractors, and H. J. Morgan, who had been promoted while he (Sir Hector Langevin) was Acting secretary of State. The reason given for this favorable consideration was that the men named had contributed to a testimonial given Sir Hector Langevin some time since. In explanation, Sir Hector Langevin said that Davis and Dunsmuir had never received a dollar from has bepartment, and that, as far as Dunsmuir was concerned in the matter of Vancouver Island, he (Sir Hector Langevin) had merely, as Minister of the Crown, given his assent to an arrangement of the Legislature and Government of British Columbia with Dunsmuir. As regards Charlebots, Sir Hector Langevin showed that his tender was by far the lowest, and he accordingly sot the contract; that Goodwin got paid for extra work, on the report of competent officials, acting on principles long recognized by the Department; and that, as regards Morgan, his appointment was not made by him at all, but by Mr. Chapleau. Sir Hector Langevin said he did not know who subscribed to the testimonial, and had never seen a list of the subscribers. Sir Hector Langevin was very effective and convincing in his statement. his Department, and that, as far as Dunsmuir was con-

WATCHED BY THE OTTAWA POLICE. OTTAWA, April 10 .- The reason why additional guards have been placed in the Purliament buildngs is now known. Captain Schoonhoven was recalled to-day and made the ollowing additional statement: "When first seen Sambro Light bore northwest by west, one-half west. At 9:20, sea time, I ordered the starboard ancher let go. I ported my belin when I wished to turn the ship's head, just before she struck. Soundings were made at 9 o'clock, showing about thirty-one fathoms; at 8 o'clock twenty-five fathoms, and at 7 o'clock forty fathoms. We had life belts and jackets on board, in the storeroom. I cannot tell whether or not any passengers put them on. The suddenness of the shock and my duties prevented my seeing this. According to the Belgian law, we are obliged to carry life belts, we are also caplened to provide the best of life beats. Not being a regular passenger steamer the men were not stationed at the boats. When I altered the vessel's course off Jeddore, I sounded, but cannot recollect the soundings. I should say they were between thirty and forty fathoms." and at 7 o'clock forty fathoms. We had life belts and

Sr. Louis, April 10 .- The Globe-Democrat prints a dis patch from the City of Mexico, stating that the feeling against the recently enacted stamp tax is still bitter, and that the situation is critical. Business has been suspended in many ports of the Republic, and the merchants generally are assuming a determined attitude. It is reported that the Government intends to declare the acts of the merchants in closing their stores revolutionary, that their licenses will be revoked, and that they will be made to pay heavily for the privilege of reopening their stores. On theother hand, it is stated that the Mexican Senate has passed to a second reading a bill repealing the stamp act, but, as the Government is not in sympathy with this movement, it is doubtful whether the bill will pass. AGUERO'S MARCH UNCHECKED. KEY WEST, Fla., April 10.-Advices from Havana state that General Aguero, in landing, met with no resistance. It is reported that many factions joined Aguero on the march to the interior, swelling the party to many hundred followers. Several encounters with troops took place, the result of which was that the troops were obliged to retreat. Great excitement exists in the island, especially at Havana, owing to the large force of troops

especially at Havann, owing to the large force of troops that was concentrated for several days at a spot on the coast where Aguero never would have landed. It is therefore believed that the Government used the incident of Aguero's expected arrival for a display of force, with the object of infinidating the Cubans of Havana at the next elections. The Government has telegraphed to Spain requesting that additional troops be sent. The censorship of telegraphic dispatches has been re-established.

Pasis, April 10.—A dispatch to the Gaulois from Madrid says: "The Cuban affair has been exaggerated. Aguero is a common bandit, who is known to have committed ways crimes. MANITOBA POLITICS UNSETTLED. [BY TELEGRAPH TO THE TRIBUNE.]

St. Paul, April 10 .- A Winnipeg, Man., dissatch to the The Pioneer-Press says: "Surprising devel opments are likely to be made in a few days in local poli tics. Norquay is endeavoring to force certain concessions from Sir John A. Macdonald. It has just been ascertained that Sir John is intriguing with Miller, Norquay's Attorney-General, to form a Government here and oust Norquay. It is thought that Norquay, on discovering the intrigue, will endeavor to form a coalition with the present opposition. In that case, the parties will be pretty evenly divided, and an appeal to the country will doubtless take place. Norquay will probably espouse the Farmers' cause."

STOCKSLAGER A WINNER.

THE VOICE OF HOLMAN SILENCED.

HE HOUSE SPENDS HOURS IN CONTENTION AND THEN PASSES BILLS FOR PUBLIC BUILDINGS. [BY TELEGRAPH TO THE TRIBUNG.]

WASHINGTON, April 10.-Chairman Stockslager's erseverance was rewarded to-day, and to-night he is happier than he was yesterday. The New-Albany bill has passed the House and the people of Floyd County, Indiana, will be ungenerous and ungrateful if they do not recognize by a renomination the claims of their representative. The proceedings of the New-Albany bill exploded one popular superstition. A great many people have for years believed Mr. Holman to be thoroughly and sincerely

devoted to economy and reform-a man entitled to be called the "Watch-dog of the Treasury." By the use of the words, "I object," the Indiana Statesman has on more than one occasion saved the Treasury \$5, \$10, and even \$20. Since yesterday morning he had stubbornly fought, inch by inch, every bill brought forward by the committee. He inveighed against the extravagance of the scheme presented, complained of the gag rule adopted, and fired volleys of amendments at every bill offered. HOLMAN DOES NOT OBJECT.

But when Mr. Stockslager called up his New-Albany bill the voice of the great objector was silent, and he seemed to have lost all interest in behalf of the Treasury. The inquisitive Mr. Aiken, of South Carolina, expressed his surprise, and Mr. Money, of Mississippi, gibed the Indiana economist. It was in vain. Mr. Holman did not rise on the call for a division on the motion that the bill be favorably reported to the House, but when the tellers had taken their places he was the third man to pass between them and he voted for the bill. The last bill finished by the Committee of the Whole was one for a new building at Augusta, Maine, which Mr. Milliken supported in a vigorous speech. Among the reasons he gave why it should pass was that Augusta is about the only State capital in the Union in which there is no Government building. Just before the vote was taken, Mr. Milliken, who was standing on the Democratic side, became involved in a violent altercation with Mr. Storm, of Pennsylvania. The other Maine Congressmen hurried to the support of their colleague and the

the support of their colleague and the friends of "Economy" rallied around their champton. Hot words flew thick and fast, threatening gestures were exchanged and it seemed for a moment as though blows might follow. There was great excitement and disorder and a tempest of verbal fury swept through the hall, but Mr. Milliken's backers were so numerous and so noisy that his opponent was compelled to give up the contest. WHERE BUILDINGS ARE AUTHORIZED. The bills passed to-day authorize new buildings at Greenville, S. C.; New-Albany, Ind.; Chattaooga, Tenn.. and Augusta, Maine, to cost in all \$400,000, and an increase to \$1,500,000 of the amount for the new building at Pittsburg. Chairman Stockslager made an effort to repeat his tactics of yesterday and by comeffort to repeat his tactics of yesterday and by compelling the House to take a recess until to-morrow morning prolong the legislative day of Wednesday through Friday, which under the rules is set apart for private bills. It is quite probable that he may succeed to-morrow in getting on with the special order. If not, the chances are that further operation in the public buildings line will be suspended for some time, as appropriation bills will be likely to take precedence next week, unless Chairman Morrison succeeds in having his tariff bill taken up for consideration.

TILDEN WILL AND WILL NOT.

CONFLICTING ASSERTIONS RESPECTING HIS CANDI-

DACY.
[ET TELEGRAPH TO THE TRIBUNE.] WASHINGTON, April 10 .- If "a prominent Democrat" and "a Democratic Senator," or both, are trustworthy, Mr. Tilden will and will not be the Democratic candidate for the Presidency. The Star prints the following: "In a private letter received by a gentleman of this city from a prominent Southern Democrat, who expects to be a delegate from his State to the National Democratic Convention, the writer says that the other day he had an hour's confidential talk with ex-Governor Tilden. He called upon Mr. Tilden to urge him to consent to his nomination for the Presidency, and assured him of cordial and almost unanimous support in the Convention

from the South. The writer of the letter gives it as his honest conviction, based upon the conversation referred to, that Mr. Tilden will not accept the nomination under any circumstances.

"A Democratic Senator, who recently visited Mr. Tilden "A Democratic Senator, who recently visited Mr. Hiden in New-York, said to a Siar reporter to-day; 'I assure you candidly that Mr. Hiden's health is as good as yours or mine. He has never suffered any general attack of paralysis. His left arm is partially paralyzed, and some of the organs of the throat also. The inter arisets his votes, but Hiden's general health is good. This Senator believes that Mr. Hiden will be nominated; that at the proper time he will assent to his nomination."
It would seem to be in order for Senator-cleet Payne and Colonel Oliver H. Payne to affirm or deny the candidacy of the former.

IMPATIENT OF CONTRADICTION.

A FORMER JUDGE FORGETS THAT HE IS NOW MERE-LY A CONGRESSMAN.

[BY TELEGRAPH TO THE TRIBUNE.] Washington, April 10 .- A secret session of the Elections Committee a few days ago was enlivened by a scene, the details of which have just leaked out. by a scene, the details of which have just reased out.

The committee had under consideration the O'Ferrell-Paul case. Judgé Lowry, the chairman of the Sub-Committee, had read his report in favor of the contestant;

Mr. Lowry is about sixty years old, with white hair and a dignified presence. He was born in Ireland, and served twenty years as a Judge to Indiana. Mr. Miller, one of the members of the Sub-Committee, is some fifteen years the junior of Judge Lowry, and although a lawyer, he has had no judicial experience. He is a man of positive

opinions, which he is always ready to defend with great

vigor of expression. One of his comments on Judge Lowry's report was that a certain proposition in it was not sustained by "a acintilla of testimony." This remark aroused the Irish blood of the Indiana jurist and statesman, who has been unused to having a lawyer criticise, flippantly or other wise, his legal propositions or conclusions. He sprang to his feet, drew himself up to his full height, and with flaming eyes and cienched fists started toward Miller. His steps were short and his advance so deliberate that it took him full

THE SENATE AND THE CONGO. WASHINGTON, April 10 .- The Senate in exectiv session to-day passed the resolution authorizing the President to recognize the African International As-

occlation as the ruling power in the Congo regoin; and the resolution will be certified to the President. The injunc-tion of secrecy was not removed.

JUDGE KELLEY'S PURPOSE. WASHINGTON, April 10 .- For the purpose of obtaining a square test vote on the merits of the Tariff bill, Mr. Kelley will demand the yeas and nays on the motion te go into Committee of the Whole for its consideration, if such motion is made by Mr. Morrison on Tuesday, as he has given notice that he will do.

TROUBLES OF BUSINESS MEN.

BOSTON, April 10.-Davis & Taylor, flour and grain dealers, have suspended. The recent death of the junior member of the firm and its financial manager led to the suspension as the wisest course in the circumstances. The liabilities are unknown, but the assets are large.

PITTSFIELD, Mass., April 10.—The tanning firm of Owen Coogan & Son has suspended; liabilities, \$45,000; assets unknown. Their property is heavily mortgaged, and the creditors will probably realize little.
